

Concert Self-Evaluation

Name:

Date:

After listening to the performance of the concert, please answer the following questions. Include specific references to the music, including measure number. Please write clearly and in complete sentences.

Evaluate the Tone Quality of the ensemble. Describe a couple of moments where you really liked the tone quality of the ensemble. What can you do individually to help the ensemble have a more consistent tone?

Evaluate the Intonation of the ensemble. Describe a couple of moments where the intonation really "locked in". What can you do individually to help the ensemble continue to get better in regards to intonation?

Evaluate the balance and blend of the ensemble. Discuss vowel formation, and how this played a part of the blend of the ensemble. Describe a couple of moments where the different sections were balanced, and there was a good blend amongst the ensemble. What can you do individually to help your section/ensemble continue to improve in regards to blend?

What are your goals for Personal Improvement for this year? What aspects of vocal technique will you focus on, and what will be your focus in regards to ensemble skills? What will you do to accomplish these goals? Be specific! (If you are discussing outside of rehearsal preparation, what specific things will you do in order to prepare for rehearsals?)
